19) The lands in S.No.12 of Kudagi Village, Heggaddevankote Taluk to an extent of 140 acres at 4 acres each were granted to 35 persons by the Tahsildar, Heggaddevankote Taluk and Saguvali Chits in respect of these lands were issued. Then on an objection raised by the Forest Department to the effect that these lands were granted without consulting it, the Saguvali Chits issued were subsequently withdrawn. Then repeated representation were made by the public, the ryots and also Shri Devaraj Urs, M.L.A. to release this area for cultivation since Saguvali Chits were already issued to them. It was further represented that the area in question is infested with elephants rendering the life in the villages round about hazardous and the crops to frequent damages. The Hon'ble Minister for Agriculture had also spoken to

Serial No.

me about this matter.

I visited the area along with the Minister 20
for Agriculture, Shri Devaraj Urs, M.L.A. and the Departmental officers on 19-11-1961. On an inspection of the area, I found that the same is infested with elephants and a good number of local people who had gathered on the spot expressed that they are living in constant fear of elephants and prayed for the release of lands in question not only for the purpose of cultivation but also to enable the surrounding villagers to live free from the fear of elephants and the damages caused by them. I found their request reasonable. Besides, the lands having once been granted and Saguvali Chits issued to the persons concerned, it may not be proper to withdraw them even legally.

Arrangements may be made to release the 21
above 140 acres of land to the Revenue Department to dispose of the same for cultivation after obtaining the necessary records from the R.D. in this connection. The forest produce may be removed by the Forest Department.

It was further represented that a small 22
area to the extent of 15 to 20 acres along the sides of the existing road may also be released for cultivation so as to keep the area free from the menace of elephants. The Forest Department

Mysore Government Secretariat

A F D File No. 62-F G/of 1961 [App. F. III 2

Serial No.

may make suitable arrangements to release the same in favour of Revenue Department to be disposed of to deserving persons. Sri Deveraj Urs has written a letter inthis connection which is placed in the file (Flag A). The area to be released may conform to the request made by Shri Devaraj Urs in his letter

23 It is unfortunate that in this case lands have been granted and Saguvali Chits issued to the grantees by the Tahsildar without the lands having been released by the Forest Department. Such cases are happening frequently and required to be enquired into An enquiry may, therefore, be conducted into the propriety of the Tahsildar in having granted the land without getting the same released by the Forest Department.

4. 12-1-62

Note.—Contd. Sheet

Issued on 19 JAN 1962

D.No. 1592/62.

Serial No.

Letter No. B3.L.Dis.1178/60-61 Dt. 16-2-1962 of the C.C.F.,

S.P.U.D. is for perusal. The C.C.F. has reported that the area in question was disposed of by the Tahsildar, H.D.Kote Tq., to the Sch.Tribes of Kudige village not knowing the fact that the area formed part of Alaganchi S.F., and when the fact that the area is included in the S.F., was pointed out, the Saguvali chits issued by the Tahsildar were withdrawn. Subsequently, on a representation made by the Hill tribes, Govt. have ordered the disforestment of this area. By the time this order was issued, the saguvali chits were withdrawn and no land was under cultivation. This was pointed out to Govt. requesting to cancel the G.O. dated 26-3-1957. As per the directions of Govt., the area was jointly inspected by the D.F.O Mysore and the D.C., Mysore during Jan. 1958 and again by the then C.C.F., & was reported to Govt., that the area is inhabitated by wild elephants and that it would be impossible to protect the crops from wild elephants. It was also reported that land is available at Nemmanahalli where these tribes could be settled. After taking into consideration all these facts, Govt. in their No. AFD 12 DST 57 Dt. 8-7-1958 have cancelled the original G.O. Dt. 26-3-1957 and Govt. in their No. AFD 12 DST 57 Dt. 6-5-58 have also directed the D.C., Mysore to settle these Tribes in some other area.

AFD 12 DST 57 placed below.

6. It is also reported by the C.C.F., that the Spl. Officer for Sch.Tribes has reported that though the area in question is infested with wild elephants for the present, it could be converted into a good colony and that if the Tribes are settled down there permanently, it is possible to prevent the elephants from visiting the area, & he has also reported that there are no valuable trees in the area except shrubs. In view of this, the D.S.W. has suggested the release of this area.

7. It may be pointed out in this connection, that trouble by ~~wild~~ wild elephants is only of secondary importance. The main point to be considered is that

Serial No.

the area under reference is included in the State Forest. But as per the National Forest Policy envisaged, the area under forest should be at least 33 1/3% of the total land area and whereas, the area under forest in the State is only about 18%. At the time of settlement of these areas only compact blocks suitable for management by the Forest Department were included in the forest leaving sufficient areas as Gomal for the villagers, and if any portions of these compact blocks of forests are released, it renders the boundaries of the forest awkward and their protection difficult.

As regards the point that the area in question contains only shrubs growth, C.C.F. has stated that there are several bits of such areas in the forest areas all over the State which cannot be afforested all of a sudden. The Forest Deptt., has a large programme of afforestation works and all the blank forest areas will be afforested gradually.

In the above circumstances and especially in view of the fact that Revenue lands are reported to be available at Nemmenahalli where these tribes can be settled, C.C.F. feels that it is not advisable to release the area.

Subd., for orders,

QR 28/2 10) How many consulted R.D. for advice as to the feasibility of granting the land available at Nemmenahalli where these tribes could be settled?

MEMO NO.AFD 660/61. Dt.

Forwarded to the Chief Conservator of Forests, Bangalore, for report

Under Secretary to Government,
Agriculture & Forest Department

29 (3)

To

Sri. S.NIJALINGAPPA, B.A.LL.B.
Chairman of the Panchayet Board,
to the Government of Mysore,
Bangalore.

M. P. C. C.
Date 26-12-60.
Inward No. 8139/60
File P.R. & Comb

Sir,

We, the Group Panchayat Chairman, Taluk Board Members and others, of Kudegi, Kuruggala, Begur, Hosakote, Hirehalli and Matageri of Kandalike Hobli, Heggadadevanakote Taluk beg to bring the following few lines to your kind consideration and favourable orders.

Forward to Govt 28/12/60

We are feeling that we are left carelessly and we have made a minister with our help and votes. Therefore we beg to request you to kindly do the needful to the best of your ability and help in this connection.

The area measuing about 1000 acres around which the above villages are situated orginally formed part of District Forest area about it was taken over by the State Forest Department in 19[illegible]

This area is ifested by wild elephants taking a heavy toll of human lives and cattle and destroying the crops raised by us. thus rendering agricutural operations futile and making it impossible for us to live in our respective villages or move about from one village to another. 13th Dec. 1960 one women is died is by the hands Elephant to Day

Out of this area Government were pleased to order in G.O. ARD.1 DAR 57 dated 26th March 1957 that 140 acres in Survey No.12 of Kudegi village be disafforested and given to the members of the schedule tribes for purposes of permanent cultivation. But the said order has not yet been given effect to till now. We had hoped that besides benefitting the schedule tribes the disafforestation would be beneficial to us also since some part of the forest area around which our villages are situated would then be cleared of wild elephants.

We submit that we cannot afford to live in constant fear of the ravages of wild elephants and forest fires and it is very

P.T.O.

of wild elephants and forest fires and it is very necessary that 300 acres of forest land Kudagai and Begur villages of Kandalike Hobli. Heggadadevanakote taluk be disafforested at once so that intercommunication between the above mentioned six villages of Kandalike hobli be established and the perpetual fear of los of life and crops eliminated.

We further submit that the area sought to be disafforested was originally either Hullubanni or part of District Jungle and to the interests of the State Forest Department will not be prejudicially affected in any way. We also submit that in any case s fety of human life and protection of agricultural crops are of paramount importance.

We, therefore humbly pray that Government be pleased to order that atleast 300 acres of forest land of Kudagi and Begur villages of Kandalike Hobli, Heggadadev nakote Taluk be disafforested and cleared of wild elephants so that we may live and carry on our agricultural operations without fear of the ravages of wild elephants and freely move about from one village to another.

For which act of kindness we shall be ever grateful and thankful.

Ballegowda V.P. Chairman

We beg to remain,
Sir,

N. Mahadevappa Chamajunti
Group Panchayat Members etc.

Chief Conservator's Office,
Bangalore, dated 3-4-1961.

To

The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub:-Representation from the General Secretary, M.P.C.C. for release of 300 acres of forest land near Kudagi and Begur villages, Heggadadevanakote Taluk.

Ref:-Your memo No.AFD 660/61 dated 25-1-1961.

--

I invite your reference to this office letter No.B3-284-1178/60 dated 5-11-1960 under which a similar request for grant of 300 acres of forest land near Begur and Kudagi villages has already been recommended to be rejected. Government in their No.AFD 122 FGN 60 dated 11-1-61 have also rejected the request of the applicants. In the circumstances the present application may also be rejected.

The application is returned herewith.

Yours faithfully,

Chief Conservator of Forests.

D. Devaraj Urs.
M.L.A.

AFD 62 FG46 (Camp) Bangalore.

Date. 30.12.61

To Sri. H.S. Rudrappa.
Minister for Forest.
Government of Mysore
Bangalore

Dear Sri. Rudrappa,

I thank you for the visit you paid to Begur Forest area in H.D.Kote Taluk for inspecting the Sur. No. 12 of Alangachi forest in connection with the release of forest lands in Sur. No. 12 on 22-12-61. I presume that you might have been convinced of the need to release Sur. No. 12 from State forest, which is not only beneficial to the 'Kadu Kurubars' who had been issued Sagwalichits to the extent of 140 acres but also to the ryots who own lands round about this area. ~~The~~ By releasing this portion, the damage ~~to the~~ and trouble from the wild elephants to the ryots who cultivate lands nearby will be avoided to a considerable extent. Besides, the road on which we travelled from Sargur to Kurnegala

This may be kept in the file
HM 30/12/61

runs within forest area near Alagauchi and Begur. This road is the only link between Saragur and seven or eight villages in the interior. Especially the road length that lies between Hosakote and Kurnegala, is covered by jungle on either side and hence haunted by wild elephants and other wild beasts, which cross this road at several points to visit Bhuguriver which runs near this road.

To make this road safer for the villagers to move about, it is very necessary to remove the jungle on either side and keep an open space of at least one hundred yards between Hosakote and Kurnegal along the length of this road.

I suggest, therefore, that you may kindly order ~~the~~ not only the release of Sur. no. 14 of Kudagi village, but also that much of area in Begur forest which is necessary to make the above mentioned road safe for travellers. In my opinion the area required may be 25 to 30 acres approximately. I should like to know the action taken by government.

Yours sincerely
D. Devaraj

Subject:-Instructions regarding disposal of land in State Forests.

....

It has been brought to the notice of Government that lands in the State Forests are being disposed of for cultivation by the Revenue authorities without taking the consent of the Forest authorities as required by rules. This has not only caused loss to the Forest Department but has also encouraged people to get lands without the consent of the officials of the Forest Department. After grant of such lands by the Revenue authorities for cultivation it becomes very difficult for the Forest authorities to get the grant cancelled and evict the occupants.

The Deputy Commissioners of Districts are therefore requested to issue necessary instructions to subordinate Revenue Officers to the effect that on no account lands in Foreast areas should be granted without obtaining the consent of the Forest Department.

(M.Venkatagiri Raju),

FOREST BRANCH

Sir,

Sub:- Sanction of lands to Scheduled Tribes, Kudige - Begur area Kandalike Hobli, Heggadadevanakote Taluk Mysore District 140 acres.

===

On a representation made by the residents of Hoskote, Begur, Kudige, Kunigala and Erehalli of Kandalike Hobli in Heggadadevanakote Taluk, Mysore District, to the Hon. Minister for Agriculture and Social Welfare for the grant of 140 acres of lands to Scheduled Tribes, the Special Officer for Scheduled and Other Tribes was directed to examine the case and submit a report in the matter to the Government, I am herein enclosing the report submitted by the Special Officer for Scheduled and Other Tribes for the consideration of the Government.

The Special Officer who has inspected the land is of the opinion that the lands are suitable for dry cultivation and also for the settlement of Scheduled Tribes on a permanent basis and therefore could be granted to them as ordered in Government Order No.AFD/12/DAT.57 dated 26-3-1957 It is also reported that the lands which are within the limits of State Forest have no valuable timber but contain only shrubs.

It is further reported that Government in their Order dated 8-7-58 had cancelled the release of the above lands on the recommendation of the Forest Department stating that it is elephant infested ~~are which is~~ and unsuitable for cultivation.

p.t.o.

Under the above circumstances I request that the Government in the Forest Department may kindly be requested to ~~grant~~ release 140 acres of lands to 35 Scheduled Tribe families as ordered in Government Order dated 26-3-1957 quoted above. Immediately after the lands are released from the Forest Department further action will be taken to provide all the required facilities to settle the tribals in the above area.

The lands under question are in survey Number 12 of Kudige Village in Kandlike Hobli and belong to the Alganchi State Forest of Heggadadevanakote, Mysore District.

Yours faithfully,

DIRECTOR OF SOCIAL WELFARE.

Copy to the Secretary to the Government of Mysore, Planning Housing and Social Welfare Department for kind information.

CRP

Note of the Special Officer for Scheduled and other Tribes, Bangalore on Grant of lands to Tribals in Kudige-Begur area, Kandalike Hobli Heggadadevanakote, Mysore District.

.....

Out of 301 acres and 28 guntas of land (minus 18 acres already granted to Landless people), 140 Acres of lands were granted by the Amuldar, of Heggadadevanakote Mysore District on 19-11-1955 to 35 Scheduled Tribes and Scheduled Castes at the rate of 4 acres each.

2. As the Malki on this land had to be cleared a reference was made by the Amuldar, of Heggadadevanakote to the Sub-Divisional Officer of Forests, Heggadadevanakote to remove the Malki. On this, after some correspondence, the Forest Department informed that the land had already been taken into the State Forest in the year 1928 and as such the lands belonged to the Forest Department and therefore it could not be granted to the above mentioned people.

3. On this in the year 1956 the Amuldar, Heggadadevanakote with-drew the Saguvali Chits granted to the Tribals and others saying that the lands could not be granted as they were lying in the State Forest.

4. On this the tribals again petitioned to the Revenue Minister requesting him to order the withdrawal of the Tahsildars Orders with-drawing the Saguvali chits.

5. On 3-5-1956 the District Forest Officer, Mysore wrote to the Deputy Commissioner, Mysore stating that the major portion of the land granted to the tribes were in the Alganchi State Forest and as such the release of the lands included in the State Forest was not in order as there was no Government order or any approval by the Forest Department. In the above circumstances, the District Forest Officer asked the Deputy Commissioner, Mysore to - withdraw the Saguvali chits.

...2)

6. There was an appeal made to the Sub-Divisional Officer, Mysore Sub-Division against the withdrawal order of Saguvali Chits by the Amildar. On this the Sub-Divisional Officer on 31-8-1956 dismissed the appeal and stated that the Amildar had no powers to grant the lands which belonged to the Forest Department and that he should have convinced himself before ordering the grant that the lands belonged to the Revenue Department.

7. On 28-2-1957 on a further representation by the petitioners to the Revenue Minister, the Amildar, Heggadadevanakote reported that 18 acres of lands from Survey No.12 of Koodigi area was granted to landless people for cultivation during 1953-54 but as there was no objection by the Forest Department it was thought that the lands belonged to the Revenue Department and further lands were granted. Further, it was recommended by the Amildar that 150 acres may be granted to the tribes for rehabilitating them. In the same letter he has also mentioned that one Sri Dase Gowda, who holds lands in this area is responsible for getting petitions written to the Ministers and others since he is interested in his own lands which are being infested by wild elephants which destroy crops. He also mentions that Sri Dase Gowda is interested in the settlement of the tribes as he can use these people as labourers. He was also of the opinion that the tribals need to be settled down and hence 150 acres of land may be made available from Survey No.12 and the Government be moved to release the required lands from the State Forest.

...3)

8. On 26-3-1957 by Government Order, the lands were ordered to be ~~xxxx~~ released for the 35 tribals and others who were issued saguval chits earlier and it was also ordered that the Forest Department should release the lands to the Revenue Department immediately.

9. But there was delay in handing over the land by the Forest Department, and records show that the Forest Department was not in favour of granting the lands.

10. On 6-4-1958 a letter was written by the Secretary Agriculture and Forest to the Deputy Commissioner, Mysore in which he draws attention to a reference dated 25-1-1958 from the Deputy Commissioner in respect of a joint inspection by the District Forest Officer and Deputy Commissioner in the area. In this letter, he has said that the Forest Department cannot release any lands out of the State Forest and hence lands may be found out by the Revenue Department elsewhere for the settlement of the tribals.

11. There was a further petition by Sri Dase Gowda on 19-11-1958 to release lands on behalf of the tribals.

12. Report was called for from the Amildar, Heggadadevanakote, indicating whether the tribals could be rehabilitated elsewhere as desired by the Secretary, Agriculture and - Forest and ~~thus~~ the Amildar reported that there were lands to the extent of 400 acres in Nemenahalli Mettikere area where the tribals could be settled.

13. Agriculture and Forest Secretary again made enquiries in April 1958 as to the tribals settlement Scheme. In a D.O. letter, dated 6-4-58 by the Revenue Secretary to the Deputy Commissioner, Mysore, the Deputy Commissioner was asked to drop the question of granting 140 acres of lands to the tribals in Survey No. 12 of Kudlige area.

....4)

14. On 8-7-1958 the Divisional Commissioner informed, the Deputy Commissioner that the Govt. in their G.O. dated 8-7-1958 had cancelled the release of 140 acres of lands in Survey No.12 of Kudige village belonging to this Forest Dept.

15. Further representation was made on behalf of the tribals to the Chief Minister on 7-4-1961 to release the above lands. On this the Govt. in the Agriculture and Forest Dept. on 29-6-1961 intimated that it was not possible to release the lands for their purpose of cultivation and colonisation since the area was infested with wild elephants and was not suitable for cultivation purposes.

RECOMMENDATION:- I have inspected the boarders of the area in question with Tahsildar, Block Development Officer and others on the 10th August 1961. I found no trees of valuable nature but only shrubs. This area though infested with wild elephants for the present could be converted into a good colony and dry crops can be grown. Such lands are liked by the tribals as they are accustomed to be in such areas. Further there has been a lot of destruction of crops by wild elephants in these area and if the tribals are settled down permanently it is possible to prevent the elephants from visiting the area and thus save a large quantity of food grains which are destroyed by elephants. As this area is also in the neighbourhood of other villages it will be an ideal place to settle the tribals so that they could make progress with the rest of the villagers by copying their ways and improving themselves socially, economically and educationally. As this area also does not seem to be very useful to the Forest - Department, I feel that it could be released to the benefit of all.

I therefore recommend that 140 acres of lands in this area be immediately released for the settlement of tribals as ordered in G.O.AFD.12/DAT 57 Dated 26-3-1957.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE.

Subject:- RELEASE OF LAND - S.No.12 of Kudagi village, H.D. Kote for cultivation.

AGRICULTURE & FOREST DEPARTMENT.

G.O.NO.AFD 62 FGL 61, BANGALORE, DATED,

Read:-

1. Government letter No.AFD 12 LST 57, dated the 28th January 1959.

2. Representation of the villagers of Hirehalli and Hatakeri of H.D. Kote Taluk, forwarded through the General Secretary, KK K.P.C.C., Bangalore.

3. Representation dated the 30th December 1961 of Sri D. Devaraj Urs, M.L.A.

O R D E R

Government in their letter referred to (1) above has informed the Kadukurubas of Kudagi Village, H.D. Kote Taluk, that the area in S.No.12 of Kudagi village, H.D. Kote is not suitable for colonisation since it is in the State Forest and is infested with elephants and other wild animals.

2. Representations have been made by the ryots, public and also by Sri D. Devaraj Urs, M.L.A. requesting for the release of S.No.12 of Kudagi village, H.D. Kote. It has also been represented that the area in question is infested with elephants rendering life in the village round about hazardous and the crops to frequent damage.

3. In the letter dated the 30th December 1961, Shri D. Devaraj Urs, M.L.A., has recommended for the release of the same area. He has also reported that the road on which the villagers travel from Nargur to Kurnegala runs within the forest area near Alayanchi and Hogur and that this road is the only link between Saragur and seven or eight village in the interior of H.D. Kote, the road length that lies between Hosakote and Kurnegala, being covered by jungle on either side and haunted by wild elephants and other wild beasts, which cross the road at several points to visit Bhargu river which runs near this road. To make this road safer for the villagers to move about, it has been ~~urged~~ that a small area to the extent of 15 to 20 acres along the sides of the existing road may be also released for cultivation keeping an open space of at least 100 yards between Hosakote and Kurnegal along the length of the road.

4. The area in question has been inspected by the Minister for Forests and the various requests made have been considered by Government. After careful consideration Government direct that an area measuring 140 acres in S.No.12 of Kudagi, H.D. Kote Taluk which was released by the Tahsildar, H.D. Kote Taluk and in respect of which Saguvali Chits were issued in favour ~~respect~~ of 35 persons at the rate of 4 acres each be released and surrended to Revenue Department for being granted to the original persons in whose favour Saguvali Chits were issued for cultivation subject to conditions as may be prescribed by the Revenue Department.

2.....

5. Government also direct that an area measuring 15 to 20 acres along both the sides of the existing road between Hargur to Kurnegala be disforested and surrendered to the Revenue Department for being assigned for cultivation after leaving a belt of 100 yards along the road between Hoskote and Kurnegala. The Chief Conservator of Forests is requested to take action in the matter in consultation with Shri Devraj Urs. He is also requested to ensure that the Malki standing on the land is disposed of by the Forest Department before the area is actually handed over to the Revenue Department.

6. The requisite notifications should be submitted to Government for publication in the Gazette.

Sub:- Sanction of lands to Scheduled Tribes, Kudige village - Begur area, Kendalike Hobli, Heggadadevankote Taluk, Mysore District 140 acres.

62 Fel G

Ref:- Your letter No. AFD 252/61 dt. 19-1-62.

Sri HC

The area in question was disposed of by the Tahsildar, Heggadadevankote Taluk to the Scheduled Tribes of Kudige village not knowing the fact that the area formed part of Alaganchi State Forest. But when the fact that the area is included in the State Forest was pointed out, the Saguvali chits issued by the Tahsildar were withdrawn by him. Subsequently, on a representation made by the Hills Tribes, Government in their No. AFD 12 DAR 57 dated 26-3-1957 ordered the disforestment of this area. In this order, the area under cultivation by the Tribes after the issue of Saguvali chits by the Tahsildar was ordered to be disforested. By the time this order was issued, the Saguvali Chits were withdrawn and no land was under cultivation. This was pointed out to Government requesting to cancel the Government Order dated 26-3-1957 referred to above. As per the directions of Government the area was jointly inspected by the Divisional Forest Officer, Mysore and the Deputy Commissioner, Mysore during January 1958 and again by the then Chief Conservator of Forests, and was reported to Government that the area is inhabitated by Wild elephants and that it would be impossible to protect the crops from wild elephants. It was also reported that land is available at Nemmenahalli where these Tribes could be settled. After taking into consideration all these facts, Government in their No. AFD 12 DST 57 dated 8-7-1958 have cancelled the

PTO

original Government Order No. AFD 12 DAR 57 dated 26-3-1957. Government in their No. AFD 12 DST 57 dated 6-5-1958 have also directed the Deputy Commissioner, Mysore to settle these Tribes in some other area.

The Special Officer for Scheduled Tribes has now reported that though the area in question is infested with wild elephants for the present, it could be converted into a good colony and that if the Tribes are settled down there permanently, it is possible to prevent the elephants from visiting the area. He has also reported that there are no valuable trees in the area except shrubs. In view of this the Director of Social Welfare has suggested the release of this area.

It is pointed out in this connection that trouble by wild elephants is only of secondary importance. The main point to be considered is that the area is included in the State Forest. The National Forest Policy envisages that the area under forest should be at least 33 1/3% of the total land area. Where as the area under forest in the State is only about 18%. At the time of settlement of these areas only compact blocks suitable for management by the Forest Department were included in forest leaving sufficient areas as Gomal for the villagers. If any portions of these compact blocks of forests are released it renders the boundaries of the forest awkward and their protection difficult. As regardst the point that the area in question contains only shrubs growth, it is to be stated that there are several bits of such areas in the forest areas all over the State which cannot be afforested all of a sudden. This Department has a large programme of afforestation works and all the blank forest areas will be afforested gradually. In the above circumstances and especially in view of the fact that Revenue lands are reported to be available at Nemmenahally where these tribes can be settled, it is inadvisable to think of releasing the area in question.

15 54

The enclosures received with your letter under reference are returned herewith.

Yours faithfully,

CHIEF CONSERVATOR OF FORESTS.

Minister for Agriculture and Social Welfare.

CONFIDENTIAL.

MINUTE

Dated 1st March 1962. *196*

No. M 20. 1 MAR 1962 BANGALORE.

It is stated that one Shri. Dase Gowda of Heggadadevanakote Taluk, Mysore District, petitioned to Government on 19-11-1958, on behalf of the Tribals of Heggadadevanakote Taluk, that 140 acres of land may be released from out of S.No.12 of Kudlige, for rehabilitation of the tribal people.

The question of release of this extent of land from the forest area has already been dropped as intimated to the Deputy Commissioner, Mysore District, by the Secretary to Govt., A. & F. Dept. on 6-4-1958, on the ground that the Forest and Revenue Departmental Officers who inspected the spot jointly were not in favour of release of this area for settlement of the tribals.

Shri. Dasegowda is a big landlord of Heggadadevanakote Taluk with extensive holdings in about 4 villages. He is urging for release of this large piece of land only with a view to utilise the tribal people as his labourers and to exploit the forest wealth in the area. The area proposed for release is not suitable for purposes of cultivation as it is infested with elephants as already intimated by the Secretary to Govt., A. & F., on 7-4-1961 with reference to the petition presented to the Chief Minister.

The main purpose of Shri. Dase Gowda urging for release on behalf of the tribals is to exploit the forest wealth as well as the tribals for his agricultural purposes.

AGRICULTURE & FOREST SECRETARY No 648 16 APR 1962 GOVERNMENT OF MYSORE

DEPUTY SECRETARY TO GOVT. 1186-62 17 APR 1962 AGRICULTURE & FOREST DEPTT.

In view of the unfavourable opinion furnished both by the Revenue and Forest Departmental Officers and in view of the endorsements already issued by Government rejecting the proposal, there does not seem to be any further case for re-examination. But as Shri. Dasegowda is persisting in the matter, it is likely to be taken up again. In this event, the area has got to be inspected by the Chief Minister himself, before a final decision is taken.

This is for C.M.'s kind information.
